TECHNICAL SKILLS

Programming Languages	: Python, C++, Java, C
Web Technologies	: HTML5, CSS3, JavaScript, Bootstrap, React, React Native
Back end	: Node.JS, Express.JS, Rest API
Databases	: MongoDB, MySQL, Firebase
Tools	: Git, GitHub
Typing Speed	: 65 WPM with 95%+ accuracy

LIVE PROJECTS

Bus Live Tracking Web App   Website Link
MERN Stack Project
- Developed and **deployed** a **full-stack** website integrating **IoT** to provide real-time bus tracking and transport services.
- Built a **responsive front-end** using **React.js** and implemented **backend APIs** with **Express.js and MongoDB** for seamless data management.

College Event Registration Website   Website Link
Full Stack Project
- Designed and implemented an **efficient** event registration platform using React.js, MongoDB, and Node.js, managing **8,000+** student registrations.
- Integrated secure backend APIs to handle real-time data with **100%** uptime during peak registration periods.

Food Recipe Finder Web Application   Website Link
Web Development Project
- Created a cross-device full-stack web application featuring six **flexible, scalable** pages.
- **Implemented** key features including Login/Sign-Up, Recipe List, View, Wishlist and Search functionality.

INTERNSHIPS

GFG Campus Ambassador - Offer Letter   Mar 2024 – Mar 2025
GeeksforGeeks
- Organized workshops and promoted **coding** competitions, increasing engagement on the **platform**.
- Successfully facilitated **2,700+** student registrations for the GeeksforGeeks Summer Internship Program.

Data Structures Intern - Completion Letter   Feb 2024 – June 2024
Technical Hub
- **Worked** as a Data Structures intern, gaining hands-on experience in coding and strategic thinking.
- Mentored junior students in **data structures and algorithms**.

EDUCATION

Computer Science - 8.69 CGPA   *2022 – 2026*
B. Tech at Aditya Engineering College

CERTIFICATIONS

- Web Development **(HTML, CSS)** Certification – IT Pearson   – Link

- **JavaScript** Essentials 1 Certificate – CISCO   – Link

- **Java** Programming Certification – IT Pearson   -- Link

- **MySQL** Certification – Oracle Academy   -- Link

MINI PROJECTS

Light Products Page   Website Link
Static Website

- Developed an **Adaptive** web interface with **HTML5, CSS3, JavaScript, and Bootstrap**.

- Designed a visually **engaging UI** with smooth navigation to **enhance** the **browsing experience**.

Shoe Product Visualizing Site   Website Link
Animated Website

- Built an **interactive**, Mobile-friendly **website** using HTML, CSS, and JavaScript.

- **Enhanced user experience** with smooth **animations** and transitions.

SOLUTION ORIENTED PROFILES

- Codechef   : 1* Coder   -- Profile

- GeeksforGeeks   : 2* Coder (Solved 590+ Problems)   – Profile

- Leetcode   : Max 1431 Rated (Solved 480+ Problems)   – Profile

SUMMARY

Goal-Driven and quality-focused **3rd-year B. Tech Computer Science student** with a strong foundation in **software development, web technologies, and Strategic Thinking**. Experienced in **full-stack development (MERN stack)** and proficient in **data structures & algorithms**. about building efficient, scalable applications with hands-on experience in **React.js, Express.js, MongoDB, and IoT integration**. Experienced in **collaborative team environments**, ensuring the **successful delivery of high-quality projects** within the **deadline**. Seeking an opportunity to contribute technical expertise and innovative solutions in a **forward-thinking company**.
